The sketches represent four screens in a mobile application:

- Screen 1 (Top Left):** A screen with a title bar containing a back arrow and a plus icon. The main content area contains the text "What is actually in your food?" and "get shared" with a right-pointing arrow below it.
- Screen 2 (Top Right):** A screen with a title bar containing a back arrow and a plus icon. It features a search bar at the top with the placeholder text "search up food item".
- Screen 3 (Bottom Left):** A screen with a title bar containing a back arrow and a plus icon. It has a large rectangular area for an image, with the label "pic of food item" and an arrow pointing to it. Below the image area is the text "discription abt it, and healthy alternatives". At the bottom is a button labeled "Add to Shopping bag".
- Screen 4 (Bottom Right):** A screen with a title bar containing a back arrow and a plus icon. It displays a list titled "Shopping BAG" with five items, each represented by a wavy line. To the right of the list is the label "list of healthy alternatives" with an arrow pointing to the list. At the bottom is a button labeled "back return".
